**Happy 25th Anniversary, CANO/ACIO!**

In 1985, Canadian nursing history was also being forged in a city called Edmonton. A hard-working group of oncology nurses from throughout the country met in September. Twenty five years ago, these nurses from all reaches of Canada finalized a plan they had been working on since the 2nd National Symposium in Oncology Nursing in 1983.

What did they want? Put succinctly by the first interim president, Heather Porter, RN, PhD, "we wanted our own organization for oncology nurses in Canada." Porter is an icon in the international and

Canadian nursing community; she describes this early period as a time when Canadian nurses saw it was time for Canadian nurses to find their voice. Thus, at the 3rd National Symposium in Oncology Nursing in Edmonton over 300 nurse representatives from all provinces ratified the Canadian Association of Nurses in Oncology/ Association canadienne des infirmieres en oncologie (CANO/ACIO).

A new era for oncology nursing was born. Porter was joined by nursing leaders who agreed to sit on the first Board of Directors, including Margaret Fitch (Ontario), Donna Britton (Manitoba), Barbara Warren (British Columbia), and Lorna Butler (Nova Scotia).

Join us to congratulate CANO/ACIO on its 25th Anniversary! Join us to celebrate all who have served, who serve, and who will serve, oncology patients throughout Canada.
